VICTORY IR

Heatlight **VLPX10** infrared paint dryer

Victory's Heatlight range of automotive paint dryers has many options for both large and small jobs. The VLPX10 is a longer model with a 1kW, single-lamp, stand-mountable unit which compliments any existing full size drying system. It is ideal for drying sills, bumpers, lower areas of the vehicle and any number of other small jobs — either with or without the optional Victory lightweight stand. With the stand, it becomes an ideal additional heat source or spot drying unit.

VLPX10

Flexible, efficient drying

- Includes 1kW ruby jacketed shortwave lamp
- Wide angle Hi-light reflector
- Includes 3m supply cable and 13A plug
- Convenient On/Off switch
